Getting in deep, losing my sleep
Thinking of you all the time
I feel I'm falling under your spell
About to lose my mind

But it's too late to turn back now
It's too late now
Too late to turn back now
You got me now

Feel the danger in your touch
Haunts me night and day
You know I want you way too much
But I can't walk away

'Cause it's too late to turn back now
It's too late now
Too late to turn back now
You got me now

Too late, it's too late now
You got me now
Too late, it's too late now
You got me now
