the leaves are falling down and now she's in love,
she wants a boy to hold her through those lonely winter
nights,
she's got her eyes set on simple minds just for the

since when did you get so scared and start hating
yourself,
you're not really in love,
it's just the weather,

will you hold my hand until the end of all four seasons
or is it just the cold that makes you feel in love,
and she said...
