it could've been the last time that you ever wake up in  
my arms again,  
i remember how you were there,  
i was here,  
he was there,  
it wasn't right,  
it was the first time that i ever felt anything at all,  
i remember how we agreed,  
give it time,  
everything was out of control...

i think we'll never change,  
as lovely as you are,  
let me step one foot inside your door and hold you one  
more time...

i still have a lot left to say to you,

i got a feeling that it's over now,  
you and i,  
just until you're here and we give in...

i think we'll never change,  
open up your eyes,  
let me step one foot inside your door,  
and kiss you one more time...

it's in the way you close your eyes,  
i could almost feel the tears you cried,  
it's in the way you say goodnight,  
yeah you bite your lip and it drives me wild,  
it drives me wild...
