First in flight
First in flight
First in flight
(Cause all we got is rhythm and timin')
First in flight
(We go beyond the edge of the sky)

Free, like a bird out in the wind in the night
Like a 747 to L.A. that's in flight
Free, like a garden flourishin' in the wind
Like a student bout to do it when he's graduatin'
Free, from any of the energy perception
Can never be defined create the definition within

Free, just lovin' life itself and never pretend to be
Anything other than the man I was meant to be
Travel through time and get a glimpse of the centuries
To come a better day is promised remember
Free, like my nephew in a few months
About to be out the penitentiary

Meditation, meditation, meditation
Meditation, meditation, meditation
Meditation, meditation, meditation

First in flight
(Cause all we got is rhythm and timin')
First in flight
(We go beyond the edge of the sky)
First in flight
(Cause all we got is rhythm and timin')
First in flight
(We go beyond the edge of the sky)

Uh, I never hesitate about a reluctant mind
Just put the peddle to the metal see what ya find
You back there slouchin' over won't you pick up your spine?
Let's make it really really happen live up this time
'Cause you can choose to say, "Good mornin' God" or
"Good God, mornin'" with black clouds storming
I walk without umbrellas into these woods

Don't need 'em 'cause the mighty trees will shelter me
good

I'm eatin' berries from the bushes of the Heavenly
good

From the stakes the power came to us whenever we
stood

Reverberatin' out we're reachin' each and every hood
Whenever we could the spiritual anatomy fool
But never take the credit for it because that'd be rude
It's just the way in life we searchin' for that had to be
new

You gotta work it though 'cause everyday ain't
Saturday fool

Evolve into a better life and be happy with you, you and
me

First in flight

('Cause all we got is rhythm and timin')

First in flight

(We go beyond the edge of the sky)

First in flight

('Cause all we got is rhythm and timin')

First in flight

(We go beyond the edge of the sky)

The first to fly

The first to strive

The first to fight to stay alive

The first to win

The first to strike

The first to live

The first in flight

Rise, like the sun up at the crack of the dawn

Like a wakin' child in the mornin' stretchin' and yawnin'

Rise like an infant bein' held in the light

Like the smoke from an incense when it's ignited

Rise if you're sleepin' won't you open your eyes again

The greatest high be that natural high within

No need to force the progression just ride the wind

You'll know the answer to the where and why and when

If you keep workin' for your search you will find the end

Though at the end you find it only begins again

See at the end you'll see it only begins again

And everything you learn you're only rememberin'

'cause you're

First in flight

('Cause all we got is rhythm and timin')

First in flight
(We go beyond the edge of the sky)
First in flight
(Cause all we got is rhythm and timin')
First in flight
(We go beyond the edge of the sky)

First in flight
(Cause all we got is rhythm and timin')
First in flight
(We go beyond the edge of the sky)
First in flight
(Cause all we got is rhythm and timin')
First in flight
(We go beyond the edge of the sky)

It's me, let your mind and your soul be free
Work to shine meet your goal believe
Spread that kind of L O V E
Take some time off the lonely

Let your mind and your soul be free
Work to shine meet your goal believe
Spread that kind of L O V E
Take some time off the lonely

'Cause all we got is rhythm and timin'
We go beyond the edge of the sky
'Cause all we got is rhythm and timin'
We go beyond the edge of the sky
'Cause all we got is rhythm and timin'
We go beyond the edge of the sky
'Cause all we got is rhythm and timin'
We go beyond the edge of the sky
