(feat. Lyrics Born, Saul Williams)

(Release)

(Release)

(Release)

[Gift of Gab]

Prevalent melanin elephant bailin

And carrying sedatives that'll give average lettermen
callouses

Wrecking with savageness, catalyst

battling rappers'll stagger right after the dagger is left
in it

Cherish ? (Release) Attica

Shatter your algebra with calculus (give it up)

Damage your pattern I'm pounding you so fabulous
(give it up)

Enough is enough is enough and I'm busting up outta
this shell

In eruption and rupture your structure the fuck with you
(Release)

Up in you and cut you a costumer

Huffing and puffing, discussing absolutely nothing,
disgusting

Plus I'm feeling me rushing up in your country
percussion

No woman gets struck in the boundaries

Wake up if your lunging, I'm something, you're nothing
(Release)

Now come see grunting, I'm hunting

For one emcees running

I'm stomping my foot through your army

They couldn't have stopped me with shoties

Oddity, why did he, why do these entire societies
inside of societies

And survivors still remain alive (Release) emcees

Thriving to flow, opting to go

five hundred and fifty-five syllables to go

Split em' with subliminal intentional dental pro

Unlimited flow unriveted, inhibited, vindited

Now you can't get rid of it like (Release) business
Magnificent, intimate, in it with, in a minute, gonna be
in a nicks
In it with a gig, big fat heads like eggs Benedict
Pigs lick shit, rip with words in a bismol energy
It's time I society beats release

[Saul Williams]

Inner breathlessness, outer restlessness
By the time I caught up to freedom I was out of breath
Grandma
