Have you seen the memorabilia?  
Rusty old memorabilia,  
Souvenirs of perfect doom,  
In the back of Louis Dakine's back room.

Have you seen the memorabilia?  
Dusty old memorabilia,  
Souvenirs of perfect doom,  
In the back of Louis Dakine's back room.

Have you met that lovely creature?  
The exceptional Ivy King.  
She knows just what she's after.  
She's got a jones for the real thing.

For that vintage atomic trash,  
For the alien breeze,  
The bright white flash,  
From the Island east of the Carolines.  
Lovely Island.

Have you seen the memorabilia?  
Dusty old memorabilia,  
Souvenirs of perfect doom,  
In the back of Louis Dakine's back room.

In a room right off the kitchen  
There's an old gas centrifuge.  
Color film of Castle Bravo,  
Girl you know that shot was huge.

There's a crate full of lead-lined pipes,  
A photo of laughing navy types  
On the island east of the Carolines.  
Lovely Island.

Have you seen the memorabilia?

Junky old memorabilia,  
Souvenirs of perfect doom,  
In the back of Louis Dakine's back room.

Have you seen the memorabilia?  
Funky old memorabilia,  
Souvenirs of perfect doom,  
In the back of Louis Dakine's back room.

There was an island  
East of the Carolines.  
Lovely island.
