One word away! One word away!
The power of life and death is in what you say
Ooooh
One word away! One word away!
If you start confessing, you will start possessing
The key to your success is a word away!
3times

Seek the work speak the word to life
its in the book LOOK
read the verses twice
You can posses the best of the best
And yes
If you could confess, it could yours unless
you don't believe
but we got faith and we speak life
I wish that y'all could see y'all face
cause I see prosperity greatness all over you
Just speak and then God will start showin you
Your ministry is built on faith
Your talents about to be booked for 12 months straight
See -Certain levels was unreachable
But if you just speak it, who am I preachin to.
I'm not hear to rap I'm just teachn you
The word works but first you gotta speak it
to
Your life every goal is still achievable
So Believe it and receive it, release it right now!

One word away
Cause it's only
One word away! One word away!
The power of life and death is in what you say
Ooooh
One word away! One word away!
If you start confessing, you will start possessing
The key to your success is a word away!

I speak
New homes affordable mortgages
Acres of Land Lord I want all of this
I speak

A new job that doubles my salary I believe God will
make it reality
To sow seed and reap the harvest
It's in the word I'mma bless you regardless
I speak
A new car whatever you send to me
But let the gas prices drop tremendously
Lord I speak,
That you bless me abundantly gimme the strength
whenever the enemy comes for me

I will pass this test
This is God's work at it's best.
I-I-I I speak
Wealth in your life Health in your life
For all the pain you felt in your life
Break out let God break in
Just watch the places that God will take you
It is
One word away! One word away!
The power of life and death is in what you say
Ooooh
One word away! One word away!

If you start confessing,
you will start possessing
The key to your success is a word away!

Let the word do the work. Let the word Let the word do
the work
Let the word do the work. Let the word, Let the word do
the work
Let the word do the work. Let the word Let the word do
the work
Let the word do the work. Let the word Let the word do
the work

I speak
Healing Prayer is the answer The doctor said there's
not more cancer
I speak
Increase so you could live, set free forget how the
economy is
I speak
Your family members locked in jail new trial second
chance my God don't fail
I speak
Blessing purchase possession, by faith just make your
professions

If you start confessing you will start possessing

If you start confessing you will start possessing
If you start confessing you will start possessing
If you start confessing you will start possessing
If you start confessing you will start possessing
If you start confessing you will start possessing
The key to your success is a word away.
