Lord I come to you I ask you to grant my request. The Prayer I pray today is different then the rest. The enemy is threatened by the gift you placed in me hear my earnest prayer cover me.

Jesus say a prayer for me you know what I need. Go before the father intercede for me. The enemy desires to sift me as wheat but like you did for peter say a prayer for me.

For those that you've called those fully equipped to fight the wind and the rain to captain the ship. So I don't mind the storm I'm willing to sail God cover me so my faith won't fail.

Jesus say a prayer for me you know what I need. Go before the father intercede for me. The enemy desires to sift me as wheat but like you did for peter say a prayer for me.
