You come from royalty  
An aristocratic dynasty  
The goal of the enemy  
Is that you don't know who you are  
There's power when you speak  
Be mindful of words you release

I know that life has challenged you  
But the King in me speaks to the King in you  
You were born to rule there is a King in you

You come from royalty  
An aristocratic dynasty  
The goal of the enemy  
Is that you don't know who you are  
There's power when you speak  
Be mindful of words you release

I know that life has challenged you  
But the King in me speaks to the King in you  
You were born to rule there is a King in you

Is there no King in you then why do you speak  
Speak with such defeat?  
Is there no King in you then why do you speak  
Speak with such low esteem?

I know that life has challenged you  
But the King in me speaks to the King in you  
You were born to rule, there is a King in you

There is a King in you  
There is a King in you  
There is a King in you
