Ohhh
Hey Yeea Ohh I, Ohhh I Yea ohhh I Thank You
Looking back on
When I started
Had a lot of sun
And a lot of rain,
I've had some joy
And been broken hearted
But now that doesn't... mean a thing
I'm living for the joy and laughter
I'm learning from my
Before's and after's
All in all, it's been cool
His grace it brought me through
I'm so happy being me
Ohhh
So happy being me, I'm regretting nothing
Bout me
Ohhh
To busy living life giving love... freely
I'm
So happy being me
2nd vs
Stop looking back for your beginnings
All those broken dreams
That went down stream
As we grow
We live and know
Some things were never meant to be
But every thing
That you've been through
God designed
Just to bless you
That's why he
Gives us memories
To lead us to our victory
I'm so happy loving me
Happy loving me
Chorus
Ohhh
So happy being me
I'm regretting nothing

Bout me
Oohhh I
To busy living life giving love... freely
I'm
So happy being me
All of life's
Hidden treasures
I'm enjoying
Nothing but pleasure
We
Could never replace his love (no we can't no we can't)
But the sun light leads us to a place
And the moon light keeps us in his grace ohhh how how
yea nanana ohhh heee ohhhh
No one else I would rather be
Ohhhh ohhh I'm
So happy being me
I'm regretting nothing
Bout me
Ohh I'm
To busy living life giving love... freely
I'm
So happy being me
So happy being me
I'm regretting nothing
Bout me
Come on ladies say it with us... to busy
To busy living life giving love... freely
I'm
So happy being me
Yes I am
So happy being me
No one else I'd rather be
So happy being me
Yes I am oh
So happy being me
Ohhh
So happy being me
