We're living in a time where everybody is struggling for their lives. They're stressed, they're depressed but with the power invested in me I came to speak life over you (Ooooo) I speak blessings of health, (yeah) blessings of peace (yeah yeah, yeah, yeah, yeah) to my brothers and sisters(oo) all around the world especially those in South Africa struggling with aids, and Brazil, the states.

I speak life, your gonna live oh my brother, my sister
I speak life, you are the head and not the tail you will prevail

I speak life, don't give up the fight for your life, you shall live and not die

Let's not lose another person to a senseless death: substance abuse, gang violence, suicide because of low self-esteem. The power of life and death is in the tongue. Speak life over yourself and those you love (help me sing it)

I speak life, your gonna live oh my brother (Say it again) my sister

I speak life, you are the head and not the tail you will prevail. (Say it).

I speak life, don't give up the fight for your life, you shall live and not die

(Oh yeah, yeah, yeah)

(Oh, Life)

Life to your spirit

(Life to your soul)

Life to your soul

(May God bless your spirit) God bless your spirit 9 Oh)

By his word be made hold

(Fight for your life.) You shall live and not die) (you're gonna live and not die) Yeah.

I speak life (look up and live oh my brother, my sister).

(I speak life) I speak life you are the head and not the tail you will prevail

(I speak life) I speak life don't give up the fight for your life. (You shall live and not die) die (Yeah)

You shall live and not die
(Just believe just believe today)
You shall live and not die (Oh Yeah, Yeah, yeah)
You shall live and not die (God made you a promise)
(He said He would heal you. Yes. (He loves you and he
is on your side) Yes, yeah, yeah, yeah
(Don't Be discouraged, don't be dismayed)
You shall live and not die
(I speak life, I speak life)
(I speak healing to your body now) (oh yes you will live,
you will live)
You will live, you will live and not die
I speak life your gonna live oh my brother, my sister
Live

Life
(Don't be discouraged, don't be dismayed)
You shall live and not die
(I speak life, I speak life I speak healing to your body
now)
You shall shall live and not die (Oh yes, you will live,
you will live)
You shall live and not die
I speak life, Your gonna live oh my brother, my sister,
live
