I once met you in the killing field
Collecting dust, yeah, kicking up blood
That was then when we were both people,
Doing people things like collecting dreams
They knew gold and pure Å...
All your archest are so plainly

That was in when we were both blind,
Taking what was blind
Killing all the time
WeÅ're the same with new intentions
WeÅ're the same with bad intentions

Hey little darling girl
YouÅ're sweet with your heart in our hand

Look what weÅ've done, never been more blind
Every day singing prayers
WeÅ're saying we are blameless
Making love on summer days yeah
Making love feels good to me
Shaking up on hollow Wlace
Saying up feels good to me
That was in when we were both evil
Doing evil things like stifile and scream
We are good now, we are blameless
We are wrong now, we are shameless

Love is your drug
Love is your drug
Love is your drug
Love is your evil
Evil,
We are evil
This ainÅ't evil
