Trail away, an endless day,  
It happens once in your life  
To be enthroned, in your home  
Well, meet me by the drum  
Amen

(River of blood, river of blood)  
(River of blood, river of love)

Wreckin' days, you're flawless in ways,  
We break for the countryside  
The rebels were all shocked to find  
No food or guns in those mines  
You're sitting ducks (river of blood)  
On this river of blood,  
On this river of

Safe to stay, streams of red and grey,  
It happens once in a while  
A freedom chase, right next to me,  
You've brought them their last wife  
But, it's not enough (river of blood)  
On this river of blood  
On this river of  
On this river of

I hear footsteps coming near us

They're getting louder, I am frightened  
This is it yeah, we are ready!

Superkilling rings headed for me,  
You're too damn human darlin'  
New voices spinning in circles  
I'll do what they tell me,  
If they get me

You and I, will never know,  
Probably be dead by tomorrow  
You and I, will never know  
You and I, you can know you and I  
It wasn't like they told me

(I can't believe we got away)  
This isn't like they told me  
In the same room,  
With the same blood,  
Speaking freely,  
Talking has never been so easy

On this river of blood  
On this river of  
On this river of
