Heart ache and pain, and misery,
Lately in the world, that's all I see.
And all this stuff's
Been goin' on way too long,
When are we gonna learn from the past,
Why don't we just all get along

You know
That we should be together,
Maybe forever
Don't need no enemies, I said
We gotta get together
Maybe forever
Maybe for...

And I just don't know
Which way it's gonna go,
Up, down, sideways, the right way,
Will we ever know?
And I find myself
Talking about it with my friends,
They say whens it gonna happen
So we can all stop to pretend because

We should be together, maybe forever
We don't need no tragedy, I said
We gotta get together
Maybe forever
Maybe forever and ever

We know
That we should be together,
Maybe forever
We don't need no enemies,
I said
We gotta get together
Maybe forever,
Don't need no tragedies,
I said
We gotta get together,
Maybe forever,
Ah when are we all gonna try,

Try to believe we can come together,
Maybe forever,
Maybe forever and ever
