A big blue ocean to the right of me  
Mountain peaks to the left  
Open road in front of me  
And the past behind me that I laid off

But I can't go back, it won't do any good  
I gotta live my life the way I said I would  
I'm gonna find myself in those song filled trees  
Gonna live my life on every ocean breeze

'Cause it's the only thing I know to do  
It's the one thing in my life that keeps me true  
So why don't you, oh why don't you come with me?

I don't know where I'm going  
Sure don't remember where I've been  
Everybody I meet they tell me  
Don't really matter till the end

But I can't go in back, it won't do any good  
I gotta live my life the way I said I would  
I'm gonna find myself in those song filled trees  
Gonna live my life on every ocean breeze

'Cause it's the only thing I know to do  
It's the one thing in my life that keeps me true  
So why don't you, oh why don't you?

Come with me, I get so lonely  
Darling please, oh don't you throw me  
Like the stones you're skipping across the sea

Everything's the same to me  
All the songs singing in a slack key  
Please don't make this a memory  
Something worth finding, something worth finding

Come with me, I get so lonely  
Darling please, oh don't you throw me  
Like the stones you're skipping across the sea

Won't you come with me? I get so lonely

Darling please, oh don't you throw me  
Like the stones you're skipping across the sea
