I dont care, what you see
Dont really matter to me
And I dont care, what they say
Theres got to be another way
I said dream on, dreamer
Dream on through the night
Dream on, dreamer
Baby thats alright
If you wanna dream, dream
Its okay, you can dream all through the day
I said dream, dream
Its alright, baby you can dream all through the night
Goanywhere you wanna go
Just as long as you'll stay with the flow
Be someone, you wanna be
Just as long as you dont bother me
I said dream on, dreamer
Dream all through the night

Dream on, dreamer
Baby thats alright
If you wanna dream, dream
Its okay, you can dream all through the day
I said dream, dream
Its alright, you can dream all through the night
I said dream, dream, dream, dream, dream,
Dream, dream, dream, dream, dream
You can dream
Baby, you can dream
Dream on, dreamer
Dream all through the night
Dream on, dreamer
Baby thats alright
Dream on, dreamer
Dream all through the day
Dream on, dreamer
Baby thats okay
I said
Dream on dreamer
Dream all through the night
