I've been thinking about what just happened
You know we've been through it all
I thought the love we built
Would never fall
I thought it would never fall

Borrow my tomorrow
Stay with me today
You said you had to go
Baby there's just no way
Just no way baby
That's what she said

Everytime you walk out that door
I just love you more
Baby won't you stay here with me
Stay here with me

If your heart is a trembling
Mine is too
For your love ain't no deal I want to lose
I said I don't want to lose you baby

I'll make you an offer you can't refuse
I'll make you an offer that you won't lose
I said you won't lose it baby

Everytime you walk out that door
I just love you more
Baby won't you stay here with me
Everytime you walk out that door
I just love you more
Baby won't you stay here with me
Stay here with me
Won't you girl

Everytime you walk out that door
I just love you more
Baby won't you stay here with me

Everytime you walk out that door

I just love you more
Baby won't you stay here
