I never thought it'd happen to me  
I've been looking all my life just to be  
Be next to someone I could call my own  
You know it feels so good not to be alone

But you know I never  
Thought I would find  
A girl like you  
I could call all mine  
I said I never  
Thought I would find  
A girl like you  
I could call all mine

My girl's just so sweet  
I never thought I could ever meet  
But now it's you  
I can't live without  
If you ever left  
I'd be down and out

But you know I never  
Thought I would find  
A girl like you  
I could call all mine  
I said I never  
Thought I would find  
A girl like you  
I could call all mine  
I'd call all mine

Oh baby what did you say  
When you woke up to the other day  
You said it's you I'd never leave  
I don't want to live my life the way it used to be

But you know I thought I would find  
A girl like you  
I could call all mine  
I said I never thought I would find  
A girl like you

I could call all mine  
I said I never thought I would find  
A girl like you  
I could call all mine  
You know I never thought I would find  
A girl like you  
I could call all mine  
Call all mine
