And it makes no difference where I turn
I can't get over you, the flame still burns
And it makes no difference, night or day
The shadow never seems to fade away

And the sun don't shine anymore
And the rains fall down on my door

Now there's no love
As true as the love that dies untold

And the clouds never hung so low before

And it makes no difference how far I go
Like a scar the hurt will always show
And it makes no difference who I meet
They're just a face in the crowd
On a dead-end street

And the sun don't shine anymore
And the rains fall down on my door

These old love letters, well, I just can't keep
'Cause like the gambler says, read 'em and weep

And the dawn don't rescue me no more

Without your love I'm nothing at all
But like an empty hall, it's a lonely fall
Since you've gone, it's a losing battle
A stampeding cattle, they just rattle the wall

And the sun don't shine anymore
And the rains fall down on my door

Well, I love you so much, it's all I can do
Just to keep myself from telling you

That I've never felt so alone before
