Don't look back,
It won't do any good
Don't look ahead
You'll just be misunderstood
Everything you need
Could be right in front of you
It doesn't take much
To see what is true
They say we are going to die
If we go on like this
Who do you believe?
Every story has a twist
Take a look around,
Tell me what you see
People in the world
Just trying to be free
What about all those things
You could have done
But you don't?
They say things happen
For a reason,
You don't do them, they won't

I'm lookin for life,
Love and laughter

Everything in between
And what happens after
I'm lookin for life,
Lookin for love,
Lookin for laughter

Things are gunna change,
They never stay the same
That's why we're fighting a war
But the people are to blame
You can only stand up
For what you believe
Don't be blinded
By the power of greed
What about all those things
You could have done but you don't?

They say things happen for a reason,
You don't do them, they won't

I'm lookin for life,
Love and laughter
Everything in between
And what happens after
I'm lookin for life,
Love and laughter
Everything in between
And what happens after
Lookin for laughter

We got everything we need
All the money in the world,
Want to buy what we see
Dreams are worth more than gold
Some people hold on,
Some people let go
The stars all come out at night
The velvet sky, all so bright
I feel so close to you
Because I see what you see too

I'm lookin for life,
Love and laughter
Everything in between
And what happens after
Lookin for life
I'm lookin for life,
Love and laughter
Everything in between
And what happens after
What happens after!
I'm lookin for life,
Love and laughter
Everything in between
And what happens after
What happens after?
