From the bottom of the sea
I'll see you and you'll see me
Sometimes its complication
Becomes love for foundation
But you got, show me a sign
Said you got, show me a sign
And i'll make you mine, mine, mine
Said i'll make you mine, mine, mine
I'm gonna make you mine, mine, mine
I'm gonna make you mine, mine, mine
Said you never had a home
I gave you my heart and let you roam
havent had time to unpack your case
Its alright let the sun shine on your face
But you got, show me a sign
Said you got, show me a sign

And i'll make you mine, mine, mine
Said i'll make you mine, mine, mine
I'm gonna make you mine, mine, mine
I'm gonna make you mine, mine, mine
I'm gonna make you mine
Well you got to, show me
I said you got to, show me
Show me
And i'll make you mine, mine, mine
Said i'll make you mine, mine, mine
I'm gonna make you mine, mine, mine
I wanna make you mine, mine, mine
Gonna make you mine, mine, mine
I wanna make you mine, mine, mine
Let me make you mine, mine, mine
I'm gonna make you mine, mine, mine
