I don't want this thing to come to a demise,
And maybe it's surprising to how much I adore you,
I just wanna love you,
I hope you understand me.
Cause everytime that I look in your eyes,
I always think about all the time we spend together,
In my mind forever,
Don't you ever leave me
Please don't worry,
Don't have no fear,
Your superwoman's here to save you fixin all ya
problems,
Are you feeling me?
I want you to stay with me.
So we can see if we should be,
And make some history.
At night I can't fall asleep.
Please stay with me,
Don't ever leave, I'm begging please,
I'm begging please...
