[Verse 1:]

My tears weigh a ton
I'm so done
Heart heavy
What was two is now one
I bet he
Ain't got a clue what I'm going through
Why he let her tear us up (up)
Put our love through a shredder
And I been feeling like a fool cause I
Ignored the signs of the truth and now
I'm supposed to start over anew and I
Gave up everything for you oh

[Chorus:]

I been hurt before
But this time it's different and I don't know
If I'm able to repair what has been broke
Cause I'm drowning in tears
My heart is so heavy
Weight of My Tears (Weight of my tears)
Weight of My Tears (Weight of my tears)
I'm drowning in here (drowning in here)
Somebody help me hold the weight of my tears

[Verse 2:]

Memories of you and me
On replay got me messes up (up)
My tears burn like lava and they won't stop (stop)
Every drop shakes the earth
The pain that you left me in
Boy I don't deserve it
And I been feeling like a fool cause I
Ignored the signs of the truth and now
I'm supposed to start over anew and I
Gave up everything for you oh

[Chorus:]

I been hurt before
But this time it's different and I don't know
If I'm able to repair what has been broke

Cause I'm drowning in tears
My heart is so heavy
Weight of My Tears (Weight of my tears)
Weight of My Tears (Weight of my tears)
I'm drowning in here (drowning in here)
Somebody help me hold the weight of my tears

[Bridge: x2]
So so so Heavy
What I'm supposed to do, I gave all of me to you now
I'm empty
So so so Heavy
I wish I hadve known that your loving was a joke, boy
you got me

[Chorus:]
I been hurt before
But this time it's different and I don't know
If I'm able to repair what has been broke
Cause I'm drowning in tears
My heart is so heavy
Weight of My Tears (Weight of my tears) [x2]
I'm drowning in here (drowning in here)
Somebody help me hold the weight of my tears
