"Can You Help Me"

Visit "[Can You Help Me](#)" on MotoLyrics.com

Things ain't feelin' like they used to
We're like strangers in our own home
Wishin' that would change
Don't wanna place a blame
Just wanna find a way to bring you back again
Which road should we take
We can turn this around
Before its too late don't wanna be a mistake baby
Oh I think that we can find our way
Tell me

[Chorus]

Oh, where did we go wrong?
Remember how we touched
Don't give up on us
Can you help me?
Oh, can't do this alone
Without you I'm lost
Don't give up on us
Can you help me?

Tell me what to do
I wanna make it right
How I wish we could go back in time
When you loved me like you'd never see my face again
Can't believe we're here after where we've been
The closer we get the further we push away
Don't want it to hurt boy I want it to work baby
Oh I tried but I can't do this without you

[Chorus]

Oh, where did we go wrong?
Remember how we touched
Don't give up on us
Can you help me?
Oh, can't do this alone
Without you I'm lost
Don't give up on us
Can you help me?

I cant believe what's happenin' is real
Wanna tell you how I feel

But the words ain't comin' fast enough
Caught in my throat feels like in a dream
Is it really what it seems?
Can you help me?

Pick up the broken pieces
Put us back together again
I don't want our story to end
I'm tired of wondering
If it will be okay
Tell me

[Chorus]
Oh, where did we go wrong?
Remember how we touched
Don't give up on us
Can you help me?
Oh, can't do this alone
Without you I'm lost
Don't give up on us
Can you help me?

Oh whoa oh oh
Oh whoa oh oh
Oh whoa oh oh
Whoa [x3]

Can you help me?

Oh whoa oh oh
Oh whoa oh oh
Oh whoa oh oh
Whoa [x3]

Can you help me?
