[Intro]

You know we been together for a while
And I think that it's time to take this thing here to the
next level

[Verse 1]

We been together a while and I think it's time that we
(Take it to the next level trying to get you to do
whatever)
I'm ready to prove it now girl what you want from me
(Sensitivity and a whole lot of love is what I need)
I fell in love with your mind but right now girl I need
your body
I'm sick and tired of trying just give it to me girl
You got to know that I'm worthy I wont do nothing to
hurt you
And I just can't wait no more

[Chorus]

(Can you wait?)
I can't wait another minute I put enough work in a little
won't hurt
(Can you wait?)
I can't wait another minute gotta handle my business a
sample won't hurt
(You gotta wait)
I can't wait another minute I put enough work in a little
won't hurt
(You gotta wait)
I can't wait another minute gotta handle my business a
sample won't hurt

[Verse 2]

I'm so damn thirsty for love girl what's it gonna be?
(There ain't been no bumpin' and grindin' girl I'm trying
to get behind ya)
Is the attraction the same that it is for me
(Yes it is but I'm trying to to be careful with my heart
baby)
I fell in love with your mind but right now girl I need
your body

I'm sick and tired of trying just give it to me girl
You got to know that I'm worthy I won't do nothing to
hurt you
And I just can't wait no more

[Chorus]

(Can you wait?)

I can't wait another minute I put enough work in a little
won't hurt

(Can you wait?)

I can't wait another minute gotta handle my business a
sample won't hurt

(You gotta wait)

I can't wait another minute I put enough work in a little
won't hurt

(You gotta wait)

I can't wait another minute gotta handle my business a
sample won't hurt

[Bridge]

(Just a little yeah)

Imagine me going down I got you making that sound
Bouncin' you up and down baby

(Just a little yeah)

Imagine what it will be you sweating all over me

A sugar residue baby

(Just a little yeah)

The sexy roller coaster your eyes are rolling back what
Because I got you going crazy

(Just a little yeah)

And then I'll let you on top cowboy straddle don't stop

Cause I want you and I need you right now... baby

[Chorus 2X]

(Can you wait?)

I can't wait another minute I put enough work in a little
won't hurt

(Can you wait?)

I can't wait another minute gotta handle my business a
sample won't hurt

(You gotta wait)

I can't wait another minute I put enough work in a little
won't hurt

(You gotta wait)

I can't wait another minute gotta handle my business a
sample won't hurt

[Outro]

(Can you wait?)

A little won't hurt

(Can you wait?)

A sample won't hurt
(You gotta wait)
(You gotta wait)
