How did I come to become?  
How did we come to become this way?  
How did I come to become?  
How did we come to become this way?

Inseparable  
Formula of rituals I have lived  
Lost time-resentment  
I can't forgive when we were  
Inseparable, inseparable

Made a commitment to resentment  
You will never forget it  
Side by side oblivious protected  
Someone to hide behind

Situation of security, foundation of stability  
Happily ever after I won't buy that shit  
Happily ever after, happily ever after  
Happily ever after

Sacrifice my freedom, my precious time  
For money and security for my senile state of time  
Look into the future, save all my money  
While life slips away, slips away unchallenged

Happily ever after, happily ever after  
Happily ever after

Stagnating ill, choking on a bitter pill  
When something went wrong  
This is not how I am supposed to feel

There must be something wrong with me  
I've gone and did the things  
That were 'posed to bring me harmony

Still not satisfied  
Someone must have lied  
About this formula  
Formula of rituals I have lived  
So deeply involved in lies

That I forgot to even try
