1 Someone who can satisfy
My every little need
Im hoping it's you
Ive been waiting for someone
To come make love to me
Im hoping it's you

I wonder if you qualify
To give me love and affection
Cause in my mind
Girl Im hoping that it's you ooh
Cause things never seem to go my way
Ive been hurt so many times before
And I need a little something more
Oh you're that someone

Repeat 1

You got the opportunity
If you wanna be my lady
I want you to know
That people say Im hard to please
So wont you come and change my world
I can give you anything you need
But I want to know
What can you do for me?
What can you do for me baby?

Wont you let me love you
I don't need some more time
Put your heart into it
And everything will be all right
You gotta promise to me baby
Special woman in my life
Cause it'll feels so good to know
You are all mine
And baby Im looking for that someone

Repeat 1

Oh baby, girl Im looking for someone

Ooh, ooh oh baby yeah, whoo!

Repeat 1 till end
