[Broadway:]

I kno about those things yo friends be tellin you that
I'm cheatin under da sheets
With anotha girl
I can see dat u wanna draw your own conclusions
And automaticaly assumin I'm with another woman
Now tell me tell me wat you wanna do about dis
Do u wanna quit
Do u wanna keep it moving
Do u really wanna make da wrong decision
In a long run it's gonna b my love dat u missin
Y u gotta tell all of your friends about our business
With the only one u shud be talkin to is your man
So jus let me kno how u want this to happen
Cud it be u n me
Which way do it go from here

[Chorus: x2]

Don't believe everything u hear through the great vine
Listenen to this he say shhh wastin my time
I can't take it... I jus erased it
And dis is crazy girl
I'll never do dat to you

[Dondria:]

I hear everything u sayin
And I wanna believe u baby and
Jus let it all go
But jus put ya self in my shoes for a second and
understand
Why I should go
You see my friends they keep on tellin me you cheatin
They say they saw u at the movies with janine
And don't 4get about dat time u came n da room
At 4 in da mornin smelling like womens perfume
Oohh one time saw some lipstick
On ya shirt
I didn't say a word but I knew u wud't cumin from work
Now u mean to sit here and tell me dat u b n faithful
I been playing stupid 2 long and I'm not takin nomore

[Chorus: Dondria]

I can't take it nomore
Feel like walkin out da door
U don't seem to understand
Wats it's like to think ya man
Cheatin on you late at night
Wen he shud be by your side
Thought it jus were u n me
Are you lien to me because something don't feel rite
