Baby, I know you're choosen

I really dont mind tonight, cus you looking fine and I

Wanna take you somewhere quiet

Get you into the zone

Take a shot of this here nuvo

And Its gon' be on

And dont worry about me getting my feelings

I can handle it

If youre ready, I'm willing

You should holla at your boys

Tell em they can with Tyrone

He said give me 10 minutes

Ill be ready to roll

Baby noooo-oooh-ohhh

Im ready to ride

(Yeah)

Dont keep me waiting long

Go after this song

Dont mean to sound impatient

But You got me feanin baby

Tell me again(tell me again, baby)

That we'll be lovers and friends(I gotta know baby,
yeah)

Tell me again(Tell me over and over and over again)

That we'll be lovers and friends(Make sure you're right
before you choose)

Tell me again(Hey, tell me again)

That we'll be lovers and Friends(Oh, that we'll be lovers
and friends)

Tell me again(Tell me again, tell me again)

(That we'll be lovers and friends)
