Whoa [x4]

[Verse 1: Robin Thicke]

Stressed out, uptight, over worked wow'd
Unleash what you got let's explore your naughty side
Follow me, where we're going we don't need no bread
crumbs
Can't you see, baby
You're the only one
You are among the
Few (hard woman)?
Let me be your medicine.
Cause I got one thing on my mind, I'll be your valentine
Spread your wings and baby fly away

[Chorus: Both]

It's your body, we can love it you want to
Love if you want to, scream if you want to
Just let me love you lay right here, girl don't be scared
of me
Give you sex therapy
Give you sex therapy
It's your body, we'll go hard if you want to
As hard as you want to, soft as you want to
Just let me love you lay right here, I'll be your fantasy
Give you sex therapy
Give you sex therapy
