## Chorus

You know I'm Ya homie, I'm Ya lover, I'm Ya friend  
You know Imma ride with you till da very end  
You know you can get it however you want to, whenever  
you want to, where ever you want to  
You know, You Know  
You aint gonna find nobody better than me  
and I feel the same way about you  
You know, You Know, You know  
I'm a ride but you can mess it all up if you want to, want  
to

## 1st Verse

You know what I give to you  
And I know what I get back  
See I love to watch you when you sleeping  
And I love when you talk like that  
We got a bong so unbreakable  
When we touch its just like magic  
When I'm away from you to long I go crazy cuz baby I  
gotta have it ooohh

I know other girls see us together get mad when they  
see how happy I am  
I know same girls tryna get at you when I'm not around  
But I really don't give a damn  
Cuz I know...

With you I know I wanna spend the rest of my life oo oo
