Baby, you know I love you
But you know right now
You know it's just getting to be too much
Ooh yeah, I really don't wanna go

Listen, it was back in '99, I was a real nigga
Took you and your shorty in just to deal witcha
In the beginning, it was rough
'Cause sumtin' was missing that he love
He's always acting up, baby, I've had enough

Don't need no child support 'cause I provided
Bought him anything he wanted you can't deny it
I've always treated him right, he's coming between our
love
And what y'all got I can't mess up

Maybe in another life
We can be together
Promise that next time won't leave you ever

Maybe in another life
The sun will shine forever
With you in my life, no more stormy weather

And maybe in another life, yeah
We can be together
Promise that next time won't leave you ever

Maybe in another life
The sun will shine forever
With you in my life, no more stormy weather

I got to walk away, look at the big picture
A son needing his mother is the real issue
I'm not a selfish guy, you know I want you in my life
It's killing me inside, don't wanna say goodbye

Can't even show affection 'cause he don't like it
Every time we get romantic, we gotta hide it
The way we living ain't right, he's coming between our
love

And what y'all got I can't mess up

Maybe in another life
We can be together
Promise that next time won't leave you ever

And maybe in another life
The sun will shine forever
With you in my life, no more stormy weather

And maybe in another life
We can be together
Promise that next time won't leave you ever

And maybe in another life
The sun will shine forever
With you in my life, no more stormy weather

I can't come between a son and a mother
It's unfortunate that this is over
You don't leave me any choice
This could end up in divorce
Take a nigga straight to court
This decision is the best, yeah

And I'm sorry it had to end this way
In this relationship, I can not stay
I can see that this is it
It ain't nothing we can fix
Should be living for you kid

And maybe in another life
We can be together
Promise that next time won't leave you ever

And maybe in another life
The sun will shine forever
With you in my life, no more stormy weather

In another life
We can be together
Promise that next time won't leave you ever

Another life
The sun will shine forever
With you in my life, no more stormy weather

We can be together
Promise that next time won't leave you ever
The sun will shine forever
With you in my life, no more stormy weather

We could be
We can be together
Promise that next time won't leave you ever

In another life
The sun will shine forever
With you in my life, no more
