[Verse 1:]

I know you watching me but you got your man close by  
Give me a wink if you want time  
Usually he's getting of work about 9am  
(Shortie gone get it tonight)  
Another fantasy you can be Jill I'll be Jack  
I'm climbing up that hill from the back  
Don't worry baby I ain't fallen down just relax  
We only got a couple hours baby come on

[Chorus:]

So many different positions so let's go  
Explore all the places on your body he won't know  
Get straight to the business but we keeping it real low  
When I'm finished you can sneak me out the backdoor  
Backdoor backdoor backdoor backdoor backdoor  
When I'm done girl I'm out the backdoor  
Backdoor backdoor  
When I'm finished you can sneak me out the backdoor

[Verse 2:]

Oow you're looking delicious baby  
With a sex game so hot  
Like when I'm bouncing you on top  
I'm bout to catch a wave in your ocean don't stop  
Let me work on that body tonight  
I gotta give you some time to breathe  
Cause I done hit you with a multiple  
O don't fall asleep unless you locking the backdoor  
Oow my business is finished here I gotta roll

[Chorus:]

So many different positions so let's go  
Explore all the places on your body he won't know  
Get straight to the business but we keeping it real low  
When I'm finished you can sneak me out the backdoor  
Backdoor backdoor backdoor backdoor backdoor  
Out the backdoor, out the backdoor  
Backdoor backdoor  
When I'm finished you can sneak me out the backdoor

[Bridge:]

heart

That I'm sneaking in his back door

He working 24/7 while his woman need lovin'

I'm sneaking in the backdoor

Maybe he's out with the crew with no time for you

While I'm sneaking in the backdoor

Cause I'll always be there for her sneaking in your
