Wassup baby?  
This is a night that you'll never forget  
Of all the things that you desire  
I got it right here baby  
Guess what?  
I'm back  
I'm back  
Baby the mood is right and the stars are out tonight  
I can't wait til you get home  
I got some rose petals leading to the bedroom door  
Where I'm waiting all alone  
With candles lit glass of perignon  
Wanna make u lose control  
Girl I'm telling you tonight is yours  
All I wanna know is  
Do you wanna love me?  
Gonna give you reason so you can love me forever  
babe  
I wanna make love babe  
Make your temperature rise until you say it's too hot  
babe  
Do you wanna feel me?  
Touchin and rubbin and lovin all of your body  
Its just you and me baby  
Gonna tickle your spot until you tell me to stop babe  
Gon' give it to ya right now  
Passionate as can be as i softly kiss your ear  
I'm gon' give you what you want  
Straight to the highest peak let me be your ecstasy  
This gon' last the whole night long  
As we become one, smell of love is strong  
Want you to feel it in your soul  
Girl I'm telling you tonight is yours  
All I wanna know is  
Do you wanna love me?  
Gonna give you reason so you can love me forever  
babe  
I wanna make love babe  
Make your temperature rise until you say it's too hot  
babe  
Do you wanna feel me?  
Touchin and rubbin and lovin all of your body

Its just you and me baby  
Gonna tickle your spot until you tell me to stop  
And now im gonna give it to you  
Anything u wanna do  
Baby girl I'm willing to do  
On the way to ecstasy you and me between the sheets  
I want the whole world to know i'm givin u my heart and  
soul  
Forever girl I wanna see you lying here
