Whoa hmm hmm hmm  
You alright baby?  
Don't worry about him  
It's gonna be alright

He don't treat you like he used to girl  
He gots somebody else  
Girl I fear for you cause you're all by yourself yeah  
Don't you she'd a tear be strong  
And don't let this nightmare get to you  
Cause some men gotta have two girls than letting go  
SoÂ...

1 He won't hurt you again  
He's never gonna hurt you again  
Girl you've got a friend in me  
He's won't hurt you again  
He's never gonna hurt you again  
All you've gotta do is believe in me

Lock the doors, I'm on my way  
Cause he has no right to put his hands on you  
Girl it hurts me to see him play you for a fool  
So pack your bags, come go with me  
I'll be that sunshine in your life  
There's no need to worry  
It's gonna be alright  
Cause he won't hurt you again

Repeat 1

Don't worry 'bout it babe  
(Girl you need a love not someone who's gonna make  
you cry)  
Oh yeah  
(You should already know I'll be the special one in your  
life)  
He won't hurt you

Repeat 1 (2x)

You know sometimes I think about you

And I wonder how such a beautiful woman  
Could be going through such a terrible thing  
But I want to let you know  
I'm here for you  
You don't have to worry 'bout a thing baby  
I promise, I promise

Repeat 1 till end
