CHORUS

I wanna love you
Every night every day
You know I need you
In my life wont you stay
I wanna love you
Every night every day
You know I love you
In my life wont you stay

VERSE 1

You are the reason why I live
I never found joy I can't contain (ya)
Find myself thinkin bout love (hmm)
It's the feelin I get
Only my heart can explain

CHORUS

VERSE 2

I never fell so deep in love
I think it's because you touched a special part of me
(baby)
Hope I'm the one you're thinking of
You must be feelin the same as I do
Can't see me in love without you (lady lady)

BRIDGE

Girl I think about you everyday
Hopin you will never go away
It's somethin special only lovers share
Cause when I'm with you its tender lovin care
Girl I think about you every night
Said a dinner and candle light
Said my love will be all you ever need
We'll be together for eternally

CHORUS

I wanna say it one more time

Love you every
Day and night
Day and night
