I wanna love you, every night, every day
You know I need you in my life, won't you stay?
I wanna love you, every night, every day
You know I need you in my life, won't you stay?

You are the reason why I live, hmm
A newfound joy I can contain, yeah
Find myself thinking 'bout your love, hmm
It's a feeling I get only my heart can explain
You know I

I wanna love you, every night, every day
You know I need you in my life, won't you stay?
I wanna love you, every night, every day
You know I need you in my life, won't you stay?

I've never felt so deep in love, I think it's because
You've touched a special part of me, baby
Hope I'm the one you're thinking of
You must be feelin' the same as I do
I can't see being in love without you, lady, lady

(Girl I think about you everyday)
Hopin' you will never go away
(It's so special when we all can share)
Someone who'll give us tender loving care
(Girl I think about you every night)
Sharing dinner and a candlelight
(I'm sayin' I love you and I'm hopin')
We'll be together for eternity

I wanna love you, every night, every day
You know I need you in my life, won't you stay?
I wanna love you, every night, every day
You know I need you in my life, won't you stay?

I'm lovin' you, lovin' you baby
Gonna say it one more time
Said, "I'm lovin' you, lovin' you baby
I'm lovin' you babe"
Said, "I'm lovin' you, lovin' you baby
I'm lovin you baby"

I wanna love you, every night, every day
You know I need you in my life, won't you stay?
I wanna love you, every night, every day
You know I need you in my life, won't you stay?
