You've been poppin off that from Malibu
Lately seem to change the thing you
Ever since you got yourself a new crew
You've been trippin like you ain't got no man baby
But he candy paint deep from tofu
'Cause I can run a game back on you
So don't be a product of the thing that they do
You'd better listen to me
'Cause if I hit the streets, go back to that gangsta
That's me, you probly don't wanna see me groove
the plot, hang out like I used to
Just to prove that all I really want is you

We gotta get it together
Cause I'm movin just
Infidelity could be the end of us
Don't let it be the end of us
Infidelity

Call me later, I love you baby
But I'm movin just
Infidelity could be the end of us
Don't let it be the end of us
Infidelity

Now it seems that we don't agree on
Anything baby
You could do everything but
Now things are chavin
I wanna be all you're thinkin bout
And even know what's your desires
Should I stay? Should I go?
We gotta make it off dust road
But if I hits the streets, go back to that gangsta
That's me, you probly don't wanna see me groove
the plot, hang out like I used to
Just to prove that all I really want is you

We gotta get it together
Cause I'm movin just
Infidelity could be the end of us
Don't let it be the end of us

Infidelity

Call me later, I love you baby
But Iâ€™m movin just
Infidelity could be the end of us
Donâ€™t let it be the end of us
Infidelity
