Why you wanna play around with my heart?  
You make me feel like you care  
Why you wanna play around with my heart?  
My love was there, I thought that you cared

Until that day you turned and walked away  
Your love was special to me, yeah  
My heart has fallen apart and I know  
That you're the one to blame  
You said the love would never change  
Then you go out and play

Why you wanna play around with my heart?  
You make me feel like you care  
Why you wanna play around with my heart?  
My love was there, I thought that you cared

I never knew that you could put me through  
All the pain that I feel, yeah  
Saying sorry won't make it right  
'Cause it will never be the same  
You're the one to blame  
Tell me why

Tell me why you're living a lie  
You never really loved me, baby  
And now my heart is falling apart  
You should have told me from the start  
That you would break my heart, baby

Why you wanna play around with my heart?  
You make me feel like you care  
Why you wanna play around with my heart?  
My love was there, I thought that you cared

Saying sorry won't make it right  
How would you do this to me  
My love was there  
Why yo wanna play

Why you wanna play around with my heart?  
You make me feel like you care

Why you wanna play around with my heart?  
My love was there, I thought that you cared

Why you wanna play around with my heart?  
You make me feel like you care  
Why you wanna play around with my heart?
