### Chorus 1

If I lace you would you lace me back  
If I blaze you would you blaze me back  
Spending big faces on the things you like  
When ya going to put me down  
If I ride for you, die for you  
If I floss at any cost to you  
Shorty all I want to know from you  
Is when ya going to put me down

First time I saw you I was breathless  
Looking flawless fifty on the necklace  
And I had to add you to my guest list  
Let you pass I had to put it down  
We sipped and kicked a little convo  
It's time to head back to the condo  
And I know what we both came here for  
Let me know what you're feeling now

### Chorus 2

Do you want to open up and show me your love  
Stop playing around and put me down  
Stop holding back you gotta react  
Why you're going to hold me down  
You're perking plus we're working  
All this flirting got me hurting  
When you know I don't deserve this girl  
Why you're going to hold me down

### Chorus 1

Shorty I'm not trying to put a rush on you  
Can't keep leavin' me with my love on blue  
Nobody's here, we better make our move  
I want to get into you  
You want to get floss with the top down  
Waiting on my love shorty stop that  
What's it going to be, when are we going to put it down  
I need to know right now

### Chorus 2

### Chorus 1

On the top floor of the president suite  
Hit the tinted window in the back of my jeep  
Or your friend's house on the living room couch  
If you let me hit I'm going to blaze it out  
Why don't you open up and let me come on in  
And I'll never stop we can do it again  
Because you take it where I want to be you got me in  
excite  
You gotta let me know when you're going to let me hit it  
And I'll never stop we can do it again  
I want to know when you going to let me see it  
Because girl you know you're going to let me get it
