I seen you somewhere else before  
Can u help me I'm lost  
I'm trying to figure out where I know you from  
Was it in a dream or reality anyway  
Its beautiful as this autumn day  
My breathe is gone, words delayed  
You can tell me that dont matter baby  
cause not too long after that baby we were

Holding hands  
Making plans  
Meeting friends  
Thinking about our future  
We're destined to make it  
See, Life gives paths to choose from  
and I'm afraid we didn't choose the right one

I remember like it was yesterday  
Love in September  
As warm as a summer haze  
They said we wouldn't make it  
And we proved them right  
All we had to do was hold on for one more night  
But we said Goodbye, through our September love

Now back to our list of things to do  
Like the picnic in the park and summer cruise  
But I guess that all just fell right through  
When I said I didn't want you [want you]  
But I really didn't mean it, I love You  
I did a lot to get you here but  
Not enough to keep you near

I understand and I know that you're hurt  
and Im feeling like I'm losing my worth  
I still believe that we could make this work

I remember like it was yesterday  
Love in September  
As warm as a summer haze  
They said we wouldn't make it  
And we proved them right

All we had to do was hold on for one more night  
but we said Goodbye

Don't let love fade away  
if you have it in your heart, let it stay  
even though seasons change  
Just be strong, we'll find a way  
cause we belong together  
I'll stay through september weather

I remember like it was yesterday  
Love in September  
As warm as a summer haze  
They said we wouldn't make it  
So lets give it one more try  
All we had to do was hold on for one more night  
but we said Goodbye.....
