Intro:

You know what I hate?

I hate it when a brother thinks hat everybody wanna
smash his girl

But what if it's your girl who wanna smash everybody?

Let's go!

I like the life I'm living, I try to keep it livin'

Uh, your boy ain't tryin' to clean no fool

This can not happen, cause you're already
someone's lady

That's why I can't be caught in a bed with you

But she be beggin' your boy to bang her

Twist her up in all kind of angles

Speaking that universal language

But I can't do that, cause this shit could be dangerous

Chorus:

Girl I'm scared you, so step the f*ck off

A mistaking shit you tryin' to do

So step the f*ck off

I'll be dodging bullets for you, so step the f*ck off

Save the loving for your dude, and step the f*ck off

Should I do it? Should I do it?

Should I do it? Should I do it?

Should I do it? Should I do it?

Should I do it? Should I do it

Should I do it? Should I do it?

Should I do it? Should I do it?

Should I do it? Should I do it?

Should I do it? Can't do it

For some reason lack of ... too

(Too, too, too)

Girl you're living on the edge

And if it catch us, I go take that fall with you

Girl I'm tryin' to make you understand

I like the life I'm living, I try to keep it livin'

Uh your boy ain't tryin' to be no fool

This can not happen, cause you're already

someone's lady
That's why I can't be caught in a bed with you
But she be beggin' your boy to bang her
Twist her up in all kind of angles
Speaking that universal language
But I can't do that, cause this shit could be dangerous

Chorus:

Girl I'm scared you, so step the f*ck off
A mistaking shit you tryin' to do
So step the f*ck off
I'll be dodging bullets for you, so step the f*ck off
Save the loving for your dude, and step the f*ck off

If I put this deep in you,
It'll make you haller
Twist you up like you a Rubik's cube
(Watch me solve it)
And you forget what you gotta do
(That's a Wroblem)
Cause you and me can never be, and that's a promise
But if you was single girl I would ride you so
It's the kind of love that you won't let go
Give you that feeling that makes you lose control
But you ain't single now, and this ain't going down

Chorus:

Girl I'm scared you, so step the f*ck off
A mistaking shit you tryin' to do
So step the f*ck off
I'll be dodging bullets for you, so step the f*ck off
Save the loving for your dude, and step the f*ck off
