Hey yo D
Let's take it back

Let's take it back

Baby girl I wanna make a toast to new beginnings
(You plus me) equal loving combination
From other dudes before me never knew what they
were doin'
(Front like that) making losin', I'm just saying

They never stepped up
To give you the best of everything like you deserve
ooh girl
Their loss is my gain
They never felt your pain cause they don't know a
woman's worth
Like I do

So many disappointments
You had before finding someone new
Knows how to treat you right
All those heartaches are over
Now that I'm here I'm gonna show you
The finer things in life (Let's take it back)

Girl I'm talking 'bout vacations on private islands
(personal)
Just provided... how you like that?
And your shopping game is gonna be on full display on
(?)
And rodeo movin' to the crib for a night yeah

They never stepped up
To give you the best of anything like you deserve ooh
girl
Their loss is my gain
They never felt your pain cause they don't know what a
woman is worth ooh
Like I do

So many disappointments

You had before and then someone new
Knows how to treat you right
All those heartaches are over
Now that I'm here I'm gonna show you
The finer things in life (Let's take it back)

You know what baby
They never stepped up
To go the extra mile to make you feel love and wanted
Like a woman must feel
Their loss is my gain
See with you it ain't the same old same
I'm gonna show you the finer things ooh

So many disappointments
You had before and then someone new
Knows how to treat you right
All those heartaches are over
Now that I'm here I'm gonna show you
The finer things in life

So many disappointments
You had before and then someone new
Knows how to treat you right
(The cryin' is over baby)
All those heartaches are over
Now that I'm here I'm gonna show you
The finer things in life (Let's take it back)
