[Chorus:]

Won't you let me be the only one you need  
Won't you let me be the only one you need

[Verse 1:]

I can be the man that you want me to be  
Only if you let me  
I can give love  
When you feel the need  
Let me show you honey

[Chorus:]

[Verse 2:]

There's no other love that'll be there for you  
Like I'm willing to do  
When you're lonely you can call on me  
That's the way it should be

[Chorus]

[Bridge:]

If it's love  
That you're waiting for  
I'll be all that you need  
If it's love  
That your heart desires more  
Then you gotta let me

[Chorus]
