Say hey ya

la la la la  
la la la la

You don't even know me (know me)  
But I've been watching you for a while  
The way you move so slowly  
Makes me want you here and now  
Shorty, don't you let me leave without your number  
(without your number)  
i was hoping that your love could take me under (oh)

Baby we can move just a little  
Groove just a little  
Two-step a little bit  
Make your body move in the middle  
If you choose just a little  
Maybe I could get a little kiss

[Chorus]  
'Coz you make me say  
l, l, l, l, l  
Ooooo you make me say  
l, l, l, l, l  
Girl you make me say  
l, l, l, l, l  
Ooooo you make me say  
l, l, l, l, l  
I wish I could be your guy

I see the way you movin' (movin' yeah)  
And i wanna talk to you (hey)  
Look at what you're doing (doing)  
can I take a walk with you  
Baby I don't want to leave without your number (without  
your number)  
And girl I wanna spend some time with you this  
Summer  
Oooooooo

Baby we can move just a little (hey)

Groove just a little  
Two-step a little bit (two-step a little bit hey hey)  
Make your body move in the middle  
If you choose just a little  
Maybe I could get a little kiss

[Chorus]

'Coz you make me say  
I, I, I, I, I
