You can't have my love no more

You should know it's over now
'Cause I got another love so I'm saying
You should know it's over now
'Cause I got another love

You never gave me all your special time
Since you're busy hanging out that's not what my love's
about
I gave my heart, my soul, my trust to you
Tried to play me for a fool that's why I felt somebody
new

You should know it's over now
'Cause I got another love so I'm saying
You should know it's over now
'Cause I got another love

You don't have to play these games no more
Got someone new in my life and they always treat me
right
I don't even know why you still try
No way I'm coming back girl it's way too late for that

You should know it's over now
'Cause I got another love so I'm saying
You should know it's over now
'Cause I got another love

You can't have my love no more, yeah
Say it again another [Incomprehensible]

I need someone who's there for me
You just don't have that quality
I tried to give you everything
But you couldn't love me so I'm saying

You should know it's over now
'Cause I got another love so I'm saying
You should know it's over now
'Cause I got another love

You should know it's over now
'Cause I got another love so I'm saying
You should know it's over now
'Cause I got another love

You should know it's over now
'Cause I got another love so I'm saying
You should know it's over now
'Cause I got another love

You should know it's over now
'Cause I got another love so I'm saying
You should know it's over now
