You're not here so I'll have another beer
I'm all alone sipping on a fifth of Bacardi Limon
I'm gonna get over you I know I will but I don't know how
It'll go a lot quicker with a whole lot of liquor
I'm fucked up now
You never cared as much as I did
And now I'm dropping acid
You've gone away so I'll smoke a fat ass J
Of some bobonic chronic that made me choke
Shit this ain't no joke I had to back up off of it
And set my cup down

Tanguray and chronic yeah I'm fucked up now
I'm fucked up for you
I'm getting fucked up for you
I can't think of anything that I would rather do
Than getting fucked up for you
You used to be my girlfriend now I'm shooting up on
heroin
You're never ever coming back and I am hooked on
smack
And I'll be passed out on the bathroom floor
cause you're not with me anymore
Just for you I'm getting fucked up now
