Until the time
When love no longer lasts for everyone
My love will still be strong

I'll spend my life
And every part of it with only you
Until the world is through

'Til every love starts to fade
'Til theres no tomorrow
I'll be here to stay with you
Until the world may stop believin'-
-And when every heart begins to break
And be filled with sorrow
I'll be here to stay forever true
And stay in love with you

I live my life
The way you wanna spend your life with me
The world will start to see
A love that lasts
And lovers that will never be apart
Until the end of time

'Til every love starts to fade
'Til theres no tomorrow
I'll be here to stay with you
Until the world may stop believin'-
-And when every heart begins to break
And be filled with sorrow
I'll be here to stay forever true
And stay in love with you

Sometimes a love feels wrong
And lovers fail to carry on
Our love will stay so right
'Cause I'll be here just holding on

'Til every love starts to fade
'Til theres no tomorrow
I'll be here to stay with you

Until the world may stop believin'-
-And when every heart begins to break
And be filled with sorrow
I'll be here to stay forever true
And stay in love with you

When every heart begins to break
And be filled with sorrow
I'll be here to stay forever true
And stay in love with you...
