When I saw you standing there I bout fell out of my
chair
And when you moved your mouth to speak I felt the
blood go to my feet
Now it took time for me to know what you tried so not to
show
Something in my soul just cries I see the want in your
blue eyes
Baby I'd love you to want me the way that I want you the
way that it should be
Baby you'd love me to want you the way that I want to if
you'd only let it be
[guitar]
You told yourself years ago you'd never let your
feelings show
The obligation that you made for the title that they
gave
Baby I'd love you to want me...
Baby I'd love you to want me...
