You have to beat the time
But it's running faster than you
I tried to heal but it's way too real and I don't
know what to do
The pictures on the wall
Have a memory that I can't explain
I tried to keep it away from me but I feel this anyway
I wanna be who you are but it's you, not me
Time running by, too late to try

You have to beat the time
But it's running faster than you
You're doing fine but it's on your mind and you
don't know what to do
You wake up late at night
With the sheet soaking wet from a dream
You way or fly almost all the time and it's all
because of me
I wanna be who you are but it's you, not me
Time running by, too late to try

Just say, see the words
It's m'okay, but it's you, not me
Time running by, too late to try
And for you I got time, I got plans, I got fire in my heart
I have all my faces on you
I hate this place and I see all the faces so bright
I guess that it's all up to you

I wanna be who you are but it's you, not me
Time running by, too late to try

Just say, see the words
It's m'okay, but it's you, not me
Time running by, too late to try
And for you I got time, I got plans, I got fire in my heart
I have all my faces on you
I hate this place and I see all the faces so bright
I guess that it's all up to you
